Gentlemen:

The National Association of Former Border Patrol Officers applauds your undertaking of the monumental task of addressing national security and public safety through immigration law enforcement. As spokesperson, border security expert and chairman of the NAFBPO, I offer our assistance and advice on immigration matters before your committees.

From careers in the former Immigration and Naturalization Service at duty stations both domestic and foreign, the NAFBPO membership collectively has vast hands-on experience in all immigration matters. Due to this, we possess a depth and breadth of perspective that cannot be claimed by any other group or organization. We are not affiliated with other organizations, do not solicit funds and are not a PAC. We strive to be apolitical. We seek only to assist in finding the best path forward for America.

We are pleased to see the initial product of your endeavors in HR-2278. From our point of view, this is the proper starting point in resolving our nation's urgent immigration realities.

Please contact us if we can be of any assistance as you move this very timely legislation forward.

Sincerely,

Zack Taylor, Chairman
National Association of Former Border Patrol Officers, Inc.
